Comments: I worked at Spicer's Sawmill in Church Creek during the summer of 1967. It was one of the toughest challenges I have ever faced and, in fact, I have written a small account of it. I'd be happy to send it by email to whomever would be interested. You're certain to know the names of those I remember: Arthur Spicer, Lin Spicer, Robert Simmons, Phil Gootee, Leonard Gootee, Ethan and Evelyn Wallace, plus so many more. What wonderful people - all of them! It was just a summer job, but all those folks took me right in as one of their own. Hope to hear from you! Phil Scott-Smith
