

DVD Number 87

Restoration of the *Lady Katie* Skipjack, Scott Todd, 5 May 2010

Scott Todd , Dorchester native, is the grandson of the later Emerson Todd, renowned master of the *Rebecca Ruark*, oldest skipjack on the Bay. From a teenager working with his grandfather and uncle on the *Rebecca*, Scott learned the ways of the waterman and love of skipjacks. The *Lady Katie* was one of the last boats built by the legendary Bronza Parks. Scott tells of the problems encountered in what began as simple repairs and became a total restoration over several years of the skipjack launched in 1956
